

# Portable, Powerful, and Easy to Use

The Most  
**Accurate and Reliable**  
Tracker on the Market!

## XT-300 Features:

### ● Fastest Tracking Updates

The XtremeTrakGPS™ XT-300 features location updates of 5 or 10 seconds, while other trackers offer 30 second to 2-minute updates!

### ● Web-Based Tracking

View live tracking information from any web browser or internet-connected computer or device - including iPhone and Android cell phones - no software installation needed.

### ● SMS Text and Email Alerts

Create unlimited alerts and get notified instantly by text message or email based on entry or exit of pre-determined geographic areas. Also set alerts based on vehicle speed.

### ● Create Custom Driving Reports

With 90 days of historical driving data saved on the server, easily create custom driving reports based on start/stop times, locations, aggressive driving, zone activity, and many other custom reports.

### ● Optional Extended Battery Kit

The standard 8-hour battery lasts over a week with about 1 hour per day of drive time per day. An optional extended 75-hour battery can last over 2 months and includes a bonus magnetic car mount case.
