## XT-50 Features:

- **Fastest Tracking Updates**

The XtremeTrakGPS™ XT-50 features location updates of 1, 5 or 10 seconds, while other trackers offer 30 second to 2-minute updates!

- **Easy 15-Second Installation**

The XT-50 plugs into your vehicle's on-board diagnostics (OBD) port, which is standard on every vehicle made after 1996. Just plug it in and it's ready to go - and is powered by your vehicle's battery.

- **Web-Based Tracking**

View live tracking information from any web browser or internet-connected computer or device - including iPhone and Android cell phones - no software installation needed.

- **SMS Text and Email Alerts**

Create unlimited alerts and get notified instantly by text message or email based on entry or exit of pre-determined geographic areas. Also set alerts based on vehicle speed.

- **Create Custom Driving Reports**

With 90 days of historical driving data saved on the server, easily create custom driving reports based on start/stop times, locations, aggressive driving, zone activity, and many other custom reports.
